## EXPERIENCE

**Coding House** Fremont, CA

*October 2015 - Present*

*Full Stack Javascript Developer / Code Mentor*

- Designed, built and deployed over 10 full CRUD-based Web Apps during a 14 week intensive javascript development program.
- Tutored new students on coding best practices, UI/UX design, and app functionality

**AEON Corporation** Nagoya, Japan

*June 2012 - June 2015*

*English Teacher*

- Helped my students set and reach their goals of studying abroad, changing their jobs, getting promoted, making new friends, and traveling.
- Learned how to communicate with someone who doesn't speak my language or share the same cultural background as me
- Climbed Mt. Fuji

**Blaine Tech Services, Inc** Los Angeles, CA

*Project Manager*

*January 2010 - June 2012*

- Coordinated groundwater monitoring efforts at ~250 sites/quarter throughout California and Washington.
- Supervised the day-to-day operations of multiple remote technicians.
- Ensured cost-effective and error-free implementation of complex project directives from clients.

*Environmental Sampling Technician*

*October 2007 - January 2010*

- Conducted groundwater monitoring at sites in California and Washington.
- Implemented complex project scopes efficiently with little to no supervision.

## EDUCATION

**University of California, Los Angeles**

*2004 - 2007*

*B.S. Psychobiology*

- Member of Delta Sigma Phi Fraternity
- Graduated in 3 years

## INTERESTS

Weightlifting, Japanese, DJing & Music Production, Constant growth and self-improvement
